

# NO, THIS IS NOT RIGHT

Republicans Now Have The Power to:

- Repeal environmental laws.
  - Repeal civil rights and voting rights laws.
  - Repeal consumer and food safety laws.
  - Repeal minimum wage and labor laws.
  - End health insurance protections.
  - Privatize Social Security and Medicare.
- And that is just the beginning ...

***DEMOCRATS CAN STOP THEM IN THE  
SENATE WITH THE FILIBUSTER***

Senate rules protect the rights of the minority party by requiring 60 votes to end debate. Republicans have only 51 votes. That is not a mandate to wreck the country.
