

Join Our Thursday Phone Banks for Joe Biden

By Corinne Constantine

Three Parks has teamed up with Joe Biden's New York campaign organization to phone bank for Biden from now until election day. Let's do our part to elect Joe and rid our country at last of the current administration!

Phone banks take place every Thursday evening from 6:00 to 7:30 PM from now through election day.

**Next Phone Bank
Thursday, October 8th
6:00 - 7:30 pm
and Following Thursdays
until the Election**

If you plan to join a phone bank, please email our

Coordinator, Corinne. She will respond with more information.

We average over 450 calls each evening with more than 20 callers. We also happily accept Democrats from other clubs. Eleanor Roosevelt /Dem Club, Gramercy-Stuyvesant–Dems, and Tilden Dems join us on Thursday evenings.

New York for Biden runs many phone banks within NY State, and the number has increased rapidly. The group asked that we appoint one to two members of our club to serve as captains. These captains will train the group each Thursday and monitor the chat room. We are thrilled that TPID Board members Jessica Habershtock and Daniel Tsadok have agreed to take on this role. They went through training and assisted in the last phone bank that was captained by the New

York for Biden group. They will fulfill this role from now on.

Each phone bank starts with a Zoom meeting for Three Parks members and friends. You will be given training, instructions, and a script. That will be followed by calling and a brief wrap-up session.

You will need a laptop or a desktop, and you can also use your cell phone. The computer dials the number for you, and you can talk to the person on your computer or on your cell phone.

Important:

- The dialing system will not work on a tablet or an iPad.
- You will need either Chrome or Firefox as your browser. The system can not be used with the Safari browser installed on your Windows laptop or your Mac. You can add Chrome

or Firefox as a second browser.

The goal of these calls is to make certain that every Democrat votes in this election. On any given day, the Biden campaign selects which state to call, so you may be calling California, North Carolina, Virginia, Nevada, or another state. The calling script is tailored to the individual state. When you reach registered Democrats, most often they respond with delight and enthusiasm. It has been a joy to have conversations with so many of these people! The phone banks have been an energizing experience for everyone involved, so we hope you will join the Biden phone bank team.
