

Taking Back the Senate: Campaigning for Warnock and Ossoff

As we await the results of the Georgia Senate run-off election, we send our thanks to all of you who campaigned for the Democratic candidates Rev. Raphael Warnock and Jon Ossoff! Your phone calls and postcards together reached several thousand Georgia voters. Here are some details about what Three Parks volunteers accomplished.

Phone Banks. During the course of three evening phone banking sessions, more than 35 volunteers made over 1,400 calls and logged approximately 220 meaningful conversations with voters.

Postcards. Ninety volunteers wrote 2,500 postcards to young people living in Georgia's coastal areas. We thank our friends at Food & Water Watch for providing those names and addresses! The postcards urged those young voters to protect their communities from climate change by voting for the Democrats. The cards were then mailed at a Georgia post office to get an in-state postmark.

We are especially grateful to those of you who volunteered repeatedly on all three of our postcard writing campaigns since last summer--to Maine, South Carolina, and Georgia. Ever onward in 2021!
