You can also dial in by calling

Create Your Action ID. Prior to the meeting, please create the Action ID that you will need for phone banking. It is an easy process; just click [here](#). Please remember the password. You will need it any time you phone bank. If you are unable to do this, don't worry. The trainer will show you exactly what to do.

All you will need for your phone banking will be a phone and a computer or tablet. The “mobilize” system is all-electronic and much easier to use than prior systems, with the name and phone number popping up on the screen and

a few drop-down menus to record outcomes. Scripts are provided for background information, but you need not follow them exactly. They do provide helpful talking points that you can use in your conversations.

I have phone banked for Joe Biden several times in recent weeks, and I can report that the experience was totally different from what it was in 2016. Every person I spoke with was extremely enthusiastic to work to elect Joe Biden as President after such a horrific four years under the current administration. It was really fun and a joy to talk with these people. My emphasis in every phone call is to energize the person to make sure to tell their relatives, friends and neighbors to VOTE for Joe Biden.

Future phone banking will occur on **Tuesdays from 6:30-8:00** starting on **Tuesday**,

August 11. Reminders will be sent prior to each Tuesday. I hope you can join the phone bank team.
