Dear Ms. Abrams,

On behalf of the Board of Three Parks Independent Democrats, I am writing to congratulate you on the work you have done to register voters in Georgia, leading to the critical role you played in flipping the Senate for the Democrats.

You are a beacon of hope and a stellar example of what grassroots efforts can accomplish. Given the events of the past week, you could not have succeeded at a better time.

Three Parks, an Upper West Side political club in NYC, has worked for progressive candidates for the past 45 years. In the 2020 elections, we ran a virtual storefront and hosted campaign tables for Biden/Harris, and remained focused on helping elect Democratic senators. We are proud to have sent over 2,500 postcards to registered voters in Georgia urging them to vote for Rev. Raphael Warnock and Jon Ossoff.

We look forward to supporting you in implementing a truly progressive, fair and just agenda that Georgia and the country so desperately need and deserve. Whatever you decide to do next, you can count on Three Parks to help send postcards, make phone calls, and text Georgians to help get out the vote!

Best wishes and warm regards,

Lorraine Zamora
