**RESOLUTION ON IMMIGRATION PASSED BY THE MEMBERSHIP  
JANUARY 22, 2025**

WHEREAS the new administration has promised to begin mass deportations on Day One;

WHEREAS there are approximately 500,000 new New Yorkers under threat, as well as others who have lived here for years;

WHEREAS nearly all Americans are descended from immigrants;

WHEREAS we need all immigrants to be authorized to work as quickly as possible to pay taxes and support vital social programs;

WHEREAS the New York economy is dependent on immigrants who work in technology, medicine, agriculture, home health and child care, hospitality, and construction; and

WHEREAS New York's sanctuary laws are at risk from both the Trump and Adams administrations.

THEREFORE, be it resolved that Three Parks Independent Democrats supports all peaceful efforts to fight federal, state, and local attempts to deport new New Yorkers and long-time documented and undocumented members of our communities.
